

Corporate governance report

Corporate governance in NIBE Industrier AB (NIBE) is performed by the Annual General Meeting, the Board of Directors and the Managing Director/CEO in accordance with the Swedish Companies Act (Swedish Code of Statutes 2005:551), the company's Articles of Association, the listing agreement with the NASDAQ OMX Stock Exchange in Stockholm and the Swedish Code of Corporate Governance (the Code).

NIBE has its registered office in Markaryd, Sweden, and has been listed on the Mid Cap list of the NASDAQ OMX Stock Exchange in Stockholm since 1997.

On 1 July 2008 a revision of the Swedish Code of Corporate Governance, originally introduced in December 2004, came into force. It is good practice for Swedish companies whose shares are traded on regulated markets in Sweden to comply with the Code. NIBE complies with the Code, and this Corporate Governance Report has been drawn up in accordance with the Code. In addition, and likewise in accordance with the Code, NIBE also provides information via the company's website.

The company's auditors have not reviewed this Corporate Governance Report.

Annual General Meeting

The Annual General Meeting (AGM) is NIBE's highest decision-making body. The AGM elects the company's Board of Directors and auditors, adopts the accounts, decides on dividends and other appropriations of profits/losses, and discharges the Board of Directors and the Managing Director/CEO from liability.

The most recent AGM, held on 14 May 2008 in Markaryd, was attended by 314 shareholders. Those present represented 50% of the number of shares and 76% of the total number of votes in the company. The AGM was attended by the entire Board, the Managing Director/CEO and the company's auditors.

Board procedures

NIBE Industrier's Board of Directors consists of five members, elected by the AGM. The members of the Board are presented on page 70. Directors and the Chairman of the Board are elected annually by the AGM to serve for the period until the next AGM. Company employees participate in board meetings as required to submit reports or contribute expert knowledge in individual matters.

The work of the Board is governed by formal rules of procedure adopted annually to regulate the division of work, the decision-making processes within the company, authority to sign for the company, meetings of the Board and the duties of the Chairman of the Board.

The Board of Directors oversees the work of the Managing Director/CEO and is responsible for ensuring that the organisation, management and administrative guidelines for the company's funds are suitable for the purpose. The Board is also responsible for developing and following up the company's strategies through plans and objectives, decisions on acquisitions, major investments, appointments to managerial positions and the continuous supervision of operations during the year. In addition, the Board sets the budget and is responsible for the annual accounts.

The Chairman of the Board leads the work of the Board and ensures that it is carried out in accordance with the Swedish Companies Act and other relevant legislation. The Chairman follows operations in consultation with the Managing Director/CEO, and is responsible for ensuring that other members of the Board receive the necessary information to enable them to hold discussions of a high quality and make the best possible decisions. The Chairman is also responsible for evaluating the work of the Board.

The work of the Board of Directors

During 2008 the Board of Directors held 10 meetings, three of which were telephone conferences. All meetings were minuted.

Attendance at board meetings was high: all members of the Board attended virtually all the round-table meetings. Hans Linnarson and Arne Frank were each absent from one board meeting.

The agenda includes a number of standing items, which are considered at every board meeting:

- ▲ Situation report. Report of significant events affecting operations which have not been listed in the written situation report that has been circulated.
- ▲ Financial report. Review of the financial information circulated.
- ▲ Investments. Decisions regarding investments exceeding SEK 3.0 million, based on the data circulated.
- ▲ Acquisitions. Report on ongoing discussions and decisions concerning

the acquisition of companies, as and when appropriate.

- ▲ Press releases, etc. When appropriate, a review of proposals for external reports to be published after the meeting.

Every ordinary board meeting focuses on one principal topic of discussion, as outlined below:

- ▲ Accounts. The meeting in February considers the annual accounts of the preceding year. The company auditor presents his comments to the entire Board on this occasion.
- ▲ Inaugural meeting. Following the AGM, the Board of Directors holds its inaugural meeting, at which the Board discusses the rules of procedure and determines who has authority to sign for the company.
- ▲ Strategy. In September, the Board holds strategic discussions over two working days.
- ▲ Audit review. In November, the company's auditor gives his view on the interim figures for the period January to September.
- ▲ Budget. At the end of the year, the Board discusses the Group's budget for the coming year.

In addition, the Board of Directors receives a written report every month on the company's financial key figures and position. The Managing Director/CEO is also in continual contact with the Chairman of the Board.

The work of the Board of Directors is evaluated once a year.

External Auditors

NIBE's auditors are elected at the AGM to serve for a period of four years. The current period began in 2008 and expires after the AGM in 2012.

SET Revisionsbyrå AB was re-elected for a period of four years at the AGM in 2008. In conjunction with this decision, Bengt Ekenberg was elected as the senior auditor.

The senior auditor has continuous access to the approved minutes of company board meetings and the monthly reports which the Board receives.

The company's senior auditor reports his observations from the audit and his assessment of the company's internal controls to the Board as a whole.

Over and above normal auditing duties, SET Revisionsbyrå assists in

particular with due diligence reviews in conjunction with corporate acquisitions and with accounting consultations. Information on the remuneration of auditors is given in Note 5.

Group management

The CEO, who is also appointed by the Board of Directors as Managing Director of the parent company, exercises day-to-day control of the Group, and the three business area managers report to him.

The CEO leads operations in accordance with the instructions adopted by the Board in respect of the division of work between the Board and the Managing Director/CEO. The work of the Managing Director/CEO and of senior management is evaluated annually.

Financing, currency management, corporate acquisitions, new establishments, financial control, financial information, human resources policy and other overall policy matters are coordinated at Group level.

Governance of business areas

NIBE Industrier consists of three business areas. Each business area has its own operational management with profit responsibility. Each business area has a Business Area Board chaired by the Group's CEO. The Boards also include external members with experience within the respective areas. Each Business Area Board, in addition to responsibility for day-to-day operations, is also responsible to the NIBE Industrier Board of Directors for the strategic development of its respective business area. Each Business Area Board meets once a quarter.

Decision-making process

The NIBE Industrier Board deals with all matters of significance. Issues such as the composition of the Board and directors' fees are dealt with once a year prior to the AGM when the Chairman of the Board contacts major shareholders personally.

The company's auditor makes his report to the Board as a whole.

Remuneration to the Managing Director is a matter decided by the Board, but the preparatory work for this decision is undertaken by the Chairman of the Board after discussions with the Managing Director. Remuneration to other senior executives is determined by the Managing Director in consultation with the Chairman. These decisions are reported to the Board.

The company does not have a Nomination Committee, a Remuneration Committee or an Audit Committee. NIBE does not comply with the Code in

respect of nominations because of the clear ownership structure with two principal shareholder constellations which together own 75% of the company's votes, and which also enjoy mutually cordial relations. The Board of Directors is not too large to carry out the audit and remuneration tasks in a manner consistent with the Code.

Remuneration

The 2008 AGM resolved that the fees to the Board of Directors and the fees to the auditors should be paid in accordance with approved accounts. At the same time, policies for the remuneration of the Managing Director/CEO and other key management personnel were detailed.

Fees for the Board of Directors for 2008 amounted to SEK 700,000 in accordance with a resolution upheld by the AGM. Of this amount, the Chairman of the Board received SEK 280,000 in accordance with the AGM's resolution. Fees are not payable to those members of the Board of Directors who are employed in the Group.

Salary and other remuneration paid to the Managing Director/CEO in 2008 amounted to SEK 2,459,000. A free car is also provided. Salaries paid to other senior management executives totalled SEK 6,883,000. These senior executives also enjoy free use of company cars.

Severance pay

No severance pay or other benefits apply to the Chairman of the Board or to the directors, apart from the Managing Director/CEO. The period of notice for the Managing Director/CEO is six months in the event of the company giving notice. In addition to salary during the period of notice, the Managing Director/CEO is entitled to severance pay equal to 12 months' salary. Other senior executives are entitled to receive their salaries during a period of notice which varies between 6 and 12 months

Pensions

The Chairman of the Board and the directors receive no retirement benefits in respect of their work on the Board. Retirement age for the Managing Director/CEO and other senior executives is 65. The Managing Director/CEO has an individual pension insurance arrangement that corresponds to ITP (supplementary pensions for salaried employees). For 2008, the premium corresponded to 19% of salary up to 30 so-called "income base amounts" (a statistical amount used in Sweden for calculating benefits, etc.). For salary to the Managing Director/

CEO paid in excess of this, a premium payment of 30% was made that corresponds to the defined-contribution ITP plan, section 1. Other senior executives in the Group have retirement benefits that correspond to the ITP plan for that portion of their salary up to 30 income base amounts. For salary in excess of this, a premium of 30% is made in accordance with the defined-contribution ITP plan, section 1. An exception is made in the case of one business area manager, who, in his capacity as Managing Director, has an individual pension arrangement with premiums that correspond to those of other senior executives.

Incentive scheme

An incentive scheme applies to certain key members of staff, under which they are paid a variable bonus (equivalent to a maximum of three months' salary) if set targets are met. This programme does not extend to the Managing Director/CEO.

Communication with the stock market

The ambition is to maintain a high standard of financial information issued by the Group. Such information must be accurate and transparent in order to create long-term confidence in the company.

Earnings and a summary of the Group's financial position are presented quarterly and, like the annual report, are issued in printed form to all shareholders who so wish. All takeovers are announced via press releases. Full financial information relating to NIBE Industrier is available via our website www.nibe.com. Press releases and reports are posted there at the same time as they are made public.

During the course of the year there have been a number of meetings with financial analysts, the media and Aktiespararna (the National Swedish Shareholders' Association).

Internal controls of financial reporting in 2008

According to the Swedish Companies Act

and the Code, the Board of Directors is responsible for internal controls. This report on internal controls and risk management with regard to financial reporting complies with the requirements in section 10.5 of the Code.

Internal controls were an important component of corporate governance even before the new code was introduced.

NIBE is characterised by simplicity in its legal and operational structure, transparency in its organisation, clear divisions of responsibility, and an efficient management and control system.

NIBE complies not only with external laws and regulations in respect of financial reporting, but also with internal instructions and policies set out in the Group's Finance Handbook. These are applied by all companies in the Group, along with systems aimed at providing effective internal controls in financial reporting.

Consolidated financial reports containing comprehensive analyses and comments are drawn up each quarter for the

Group and its business areas. Results are also monitored every month.

There are finance functions and controllers with responsibility for accounting, reporting and the analysis of financial trends at Group level, business area level and major unit level.

In addition to the statutory audits of the annual report and statutory audits of the parent company and all subsidiaries, the auditors carry out an annual review of how the company is organised, of existing routines and of compliance with the instructions issued, that is based on guidelines drawn up by corporate management and approved by the Board of Directors.

This review increases insight and awareness, provides explicit instructions and proposes a clear organisation in respect of internal controls.

The internal control report is not reviewed by the company's auditors.
